Rhodesnow is operating as HR consultant for a wide number of Companies and Hotels from Rhodes island recruiting students from universities for work & practice. As a company we are already in the third year we are the biggest recruitment agency in our area, managing to place in 2014- 450 student and looking for 800+ students for 2015. Currently we have three offices in Rhodes (Greece), Vilnius (Lithuania), Poznan (Poland) and soon we are opening new office in Kiev (Ukraine).

Through this letter we would like to present you what we can actually offer to the students and also those that already graduated or those that simply want to go abroad during summer just to travel and work.

We are looking for students, Erasmus students and graduates that want to spend their summer abroad and do international practice. Students can do their normal practice and also go for second or third time to work and live in Rhodes during summer. Students access positions according to their knowledge, specialty and spoken languages. Hotels do not offer only jobs in the Food and Beverage (F&B) sector but as you can see in the attachments they have positions starting from physiotherapy to translators, landscape, reception, public relations, communication and computer network engineers.

Work & Travel

### What students get is:

- Free accommodation
- Free meals 3 times per day;
- Extra salary 300–500/month, usually 300 EUR unless they speak many languages + Erasmus programme;
- They will work 8 hours per day/Strict, 6 days per week, and if they would like to work extra hours they have to sign a paper that we know it was their own decision, they will get paid for that extra hours, although we do not advise them to do so, as it is better to enjoy the island and their time.
- Students will have social insurance, and because we have 2 offices in Rhodes island, we inspect working and living conditions, so we 'll always know that students are in good standards. If students have any problems they contact us and we visit them straight away.

We offer students Rhodes island experience and not simply work in a hotel that they can find anywhere, Rhodes is an European destination in contrast with other north Greece or north Greek island places.

Upon Arrival we will greet them at the airport and escort them to their accommodation and Host Company. In the following working day we will drive them to the city to have them do their legal papers such as Tax number, citizen registration number and Social Insurance number and also medical exams. All these are covered with the 50 EUR they pay in the beginning.

Students Pay only their expenses and 150 EUR **Guarantee Deposit**, which guarantees us that they will come on the day that we agreed and will stay till the day that was agreed from the beginning, unless they have special reasons that are urgent. This deposit they will receive back in the form of bonus from the host company together with their last salary.

### **Expenses are:**

Tickets & 50 EUR for Medical Exams +Taxes for insurance number, Tax number, Citizenship number so you are all legal in Greece, If you

have to obtain visa you also pay for the visa expenses. We do not charge you placement or Consultation fee.

For students that come for practice depending their experience, spoken languages and professionalism they get from 300 EUR per month up to 500 depending on the institution, which will accept them. We just like to mention once more the funding from businesses is for everybody those that get Erasmus funding and those that do not. Once they finish their placement and especially those that have achieved the maximum performance and recognition will be placed to businesses in Rhodes receiving normal high salaries.

We tend to cooperate closely with universities especially for the placement program so it is attractive to students. As such we always organize a presentation seminar for students in the colleges, Schools and Universities promoting the idea of traveling and working abroad.

This offer is suitable also for students and young people from other faculties that would like to simply work and travel abroad for their summer to gain some experience in an international environment.

Technology, Chefs, Gardeners, Cosmetologists, SPA, Masseurs, Public Relations, Guest Relations, Sales and Marketing.

### What Positions do we offer?

Rhodesnow offers a variety of different positions according to your studies skills and languages.

Most jobs are in Administration, Office Staff, Landscape, Public Relations, Sales, Guest Relations, Receptionists and also F&B, Spa Administrators, Masseurs, Cosmetologists, Animators, Hostesses and many others...

### Why we do not Offer Jobs in Other Islands?

We do not offer jobs in other islands except Kos because we pride to say we offer customer service that nobody else can offer and that is because we have offices in Rhodes and representatives that will be visiting you often or can visit you whenever you have a problem. Many times problems cannot be solved on the phone and that will request our presence. We feel that students being safe and having good time is more important than expanding fast and becoming just another Recruitment company with bad service.

### Type of Companies we Cooperate

Most of the companies we cooperate are Highly Rated hotels with world Recognised Services that are being awarded annually for their Services. That can be a great place for you to start your Career.
